Gm Eb Dm7 Gm

Yes dear malachel I can see kedusha over there

Look someone's learning Torah, there's another deep in prayer  
I will stay here if you answer me, it's all I need to know  
You must promise me dear friend, that I too will be like them.  
Come with me, little Neshomele  
Oh it's a task that I must do  
As I tap you on the lip you will forget me  
You're on your own, . . it's up to you.  
Come with me, little Neshomele  
And let me hold you in my hand  
And we'll fly away you and I together  
To a place above the land.  
But dear malachel no, I don't want to go,  
I'm not ready to go with you, where you'll take me I don't know  
Let me stay right where I am, there's so much more I need to do  
Please don't make me go away, can't you see I'm so afraid.  
Come with me, little Neshomele,  
I've only come to take you home,  
There is no need to fear your destination,

Eb Dm Cm Fsus4 F

You've earned a place right by the throne
